

Core Capabilities

- Intelligence - Analysis & Consultation
- Exercise Development & Implementation
- Training Support & Services
- Assessment & Selection
- Multimedia Instructional Design

Silverback7 (SB7) provides unparalleled value to our clients through the targeted analysis and **precise delivery of knowledge, information, and intelligence** that enhances their ability to influence operational environments and achieve strategic success.

We deliver highly relevant, tailored training, exercise development, multi-discipline analytical services, and specialized labor to the federal marketplace. In addition, SB7 provides strategic communications and intelligence support to the national security industry.

Silverback7 is a **Service-Disabled Veteran Owned Small Business** staffed and operated by Veterans who are committed to the success of our clients.

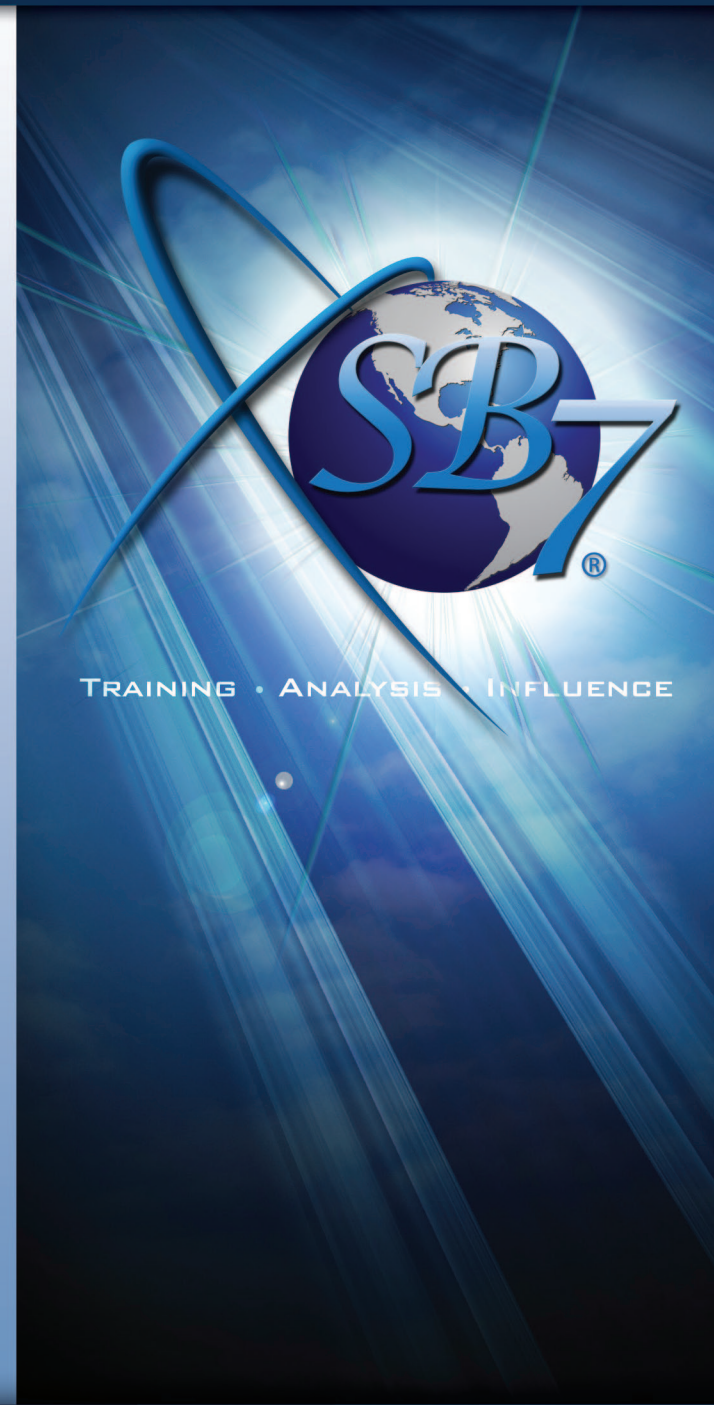

- Uniquely qualified to integrate joint, combined, and inter-agency special operations experience with intelligence analysis and production requirements.
- Full spectrum exercise packages designed to meet operational requirements and significantly enhance organizational capability.
- Full spectrum training programs to include platform instruction, advisors/mentors, complete POIs, and custom-built CBT modules.
- Unsurpassed expertise in the design, infrastructure development, management, and execution of assessment and selection courses for Special Operations and Intelligence organizations.
